

Communities for Immunity is an initiative supporting the work of museums and libraries in engaging their communities in COVID-19 vaccine confidence. The United States is at a critical moment experiencing both a surge in COVID-19 cases related to dangerous new coronavirus variants and an urgent need to dramatically increase vaccination rates. As trusted community partners and critical education providers, Quapaw Nation Museum and Library will a critical role in building vaccine confidence and fighting the pandemic.

How to Reserve Your FREE COVID-19 Vaccine or Booster?
